

A background image of a graduation ceremony. In the foreground, a graduate in a black cap and gown is smiling broadly. Behind them, other graduates are visible, some with their hands raised in celebration. One graduate's cap has 'BRANDS & CHRIS - I LOVE YOU' written on it. Another graduate's gown has 'CAL POLY' visible. The scene is dimly lit, suggesting an indoor arena or hall.

Academic Preparation

Policy Changes

- *Increase Preparation in High School*
 - More accurate assessment and placement
 - Strengthen the Early Start Program
 - Ensure all students begin in college-level, credit-earning General Education (GE) courses.
 - Provide students with the support they need
 - Expand math pathways

Academic Preparation: Student Support

Early Start Program (ESP)

- Effective summer 2019, all ESP courses will be college credit-bearing
- Fewer students required to participate
- Fee waivers for ESP and ability to complete program at other CSU campuses remain

Supported Instruction

- Supported Course Models
 - Co-Requisite
 - Stretch
 - Expanded course model
 - External support model
 - Other innovative models
- Opportunity for GE mathematics courses be more relevant to the student's major

Academic Preparation Implementation Guide

- Continued use of traditional assessment measures for placement in GE English and math courses
- Placement indicators based on high school academic performance
- Placement determined by using traditional and new multiple measures, including:
 - Test Scores (CAASPP/EAP, AP, SAT, ACT, IB, CLEP)
 - High School Coursework
 - High School Grade Point Average (GPA)
 - High School Math GPA

Policy Implementation

- Expanded multiple measures will place students in courses that satisfy CSU Written Communication (A2) and GE Mathematics/Quantitative Reasoning (B4) into one of four categories:
 - **Category I:** Fulfilled the GE area A2 or B4 requirement
 - **Category II:** GE area A2 or B4 course*
 - **Category III:** Supported GE area A2 or B4 course*
 - **Category IV:** Supported GE area A2 or B4 course or the first term of an applicable stretch course
 - Early Start required

*There will be a bifurcation for math based on student's major: STEM, Algebra Dependent vs Non- STEM, Statistics Dependent and Undecided for placement.

Adapting Internal Systems

- Use test scores for placement into one of the four categories
- Will use HS coursework, HS GPA and Math GPA for placement into one of the four categories
- Will use students major - STEM, Algebra Dependent, Non- STEM, Statistics Dependent, and Undecided for placement
- Student data from the Cal State Apply application will be used

Academic Preparation: GPAs

- Calculating Math GPA
 - Effective 2019 both Area C and G courses will be used
 - Courses will be loaded from Cal State Apply application
 - Will use 9th, 10th, and 11th grade courses
 - Algebra 1/Geometry courses taken in middle school will be included in the calculation
- Calculating High School GPA
 - Will use A-G coursework in 10th and 11th grades
- Campuses may use additional student data to place students in appropriate courses.
